## THE HALLS OF JUSTICE.

LARGE LIST OF PROBATE REPORTS ON FILE.

Captain Cluney Fails to Compose the Enjoining of Oriental Music—Bishop Estate Explains a Deficiency.

Judge Whiting rendered judgment for defendant in the case of James Kuhia vs. Honomu Sugar Co., heard without a jury.

David Butcher vs. J. K. Kana-mano, assumpsit, was heard by Judge Whiting yesterday, and judgment rendered for plaintiff on lien, but not on the contract for \$9.

Judge Cooper has vacated the order to show cause and denied the preliminary injunction sued for by J. C. Cluney against Lee Wai, licensee of the projected new Chinese theatre. Captain Cluney will therefore have to stomach the tomtom music.

W. R. Castle, executor of J. R. Williams, has filed his annual account, showing receipts of \$5971.45 and a balance of \$528.41.

H. P. Baldwin, executor of Jno. F. Blaisdell, has filed his annual accounts, showing receipts of \$13,780.68 and a balance of \$4121.51.

J. Newakaula, guardian of Kamai and Papalina, minors, has rendered his first annual account, showing receipts of \$82.50 and a balance of \$34.60.

The trustees of the Bishop Estate have rendered their account for the six months ending June 30, 1895. It shows receipts of \$46,399.95 and expenditures of \$57,182.77, leaving a balance of \$10,782.82 due themselves. An overdraft of \$50,117.43 is reported. There is no diminution in the general income of the estate, and several reasons are reported for the deficiency. One is the large expenditure for the Kanehameha Girls' School. The expenses of the Boys' School are heaviest for the half year under review. There is an apparent loss on the Molo-kai Ranch, from the failure of the manager to credit up the wool clip of the season.

The trustees are preserving so far as possible the forests of the estate. Expenditures on the Bishop Museum have exceeded the receipts by \$749.44. The trustees express their belief that the intention of the founder of the schools is being approached and will be more nearly approached as time and experience enable them to tell where improvements can be made. The report is signed only by S. M. Damon, treasurer.

## Popular Topics of the Day.

Honolulu has as many machinists considering the population as any place we know of—and they're good machinists too, men who can take a steel rod and with the assistance of a lathe fashion it into parts for the most intricate machinery for an engine. To do this, of course, requires a knowledge of tools as well as the handling of them.

In our store room one department contains the most complete assortment of machinists, tools in the city. Look at them and you will find they are all of first quality (the price will give you the impression that they are thirds) every one of them shining like an African's heel. The assortment consists of hammers—all sizes and shapes from the cute little one used by the jewellers to the heavy one which the boiler maker uses in riveting the steel plates together. Then we have the Handy Pipe Wrench, a new device without a fault. This tool will be found a convenient one even in the house where none of the occupants are machinists. Hand vises for machinists can be had of us in every size manufactured, so can Pipe Vises and Cold Chisels. We have every thing used by metal workers in their trade.

Then we have a stock of carpenters wood working tools second to none in the city—first only in quality. You cannot call for a tool used by a carpenter that we do not have in stock. Another thing you may be interested in is an axe that will hold its edge—a new thing in axes and something every one needs about the house.

Bird cages have been mentioned in another paper; just here we will say that the stock we carry is complete.
